South Hill, VA 23970

Andy,

The Town of South Boston supports the effort of RRRTT to replace the signage at the start of the trail at Cotton Mill Park and Summit Drive, along with new mile marker system. Our trail is near 20 years old and needs this new signage. Our trail is over 5 miles and is used by many of our residents from the Town and County. We also could use fence rails and posts; my Public Works department will get you those numbers.

Thanks for including the Town of South Boston in the Tobacco Heritage Trail Maintenance Grant.

Thanks,

Thomas S. Raab
